RENEWED PETITION UNDER 37 CFR 1.181

Assistant Commissioner for Patents
Washington, D.C. 20231

RECEIVED

12 SEP 2000

Legal Staff
International Division

Sir:

Reconsideration is respectfully requested of the Office communication dated June 16, 2000 dismissing applicant's Petition to Withdraw a Holding of Abandonment for the above identified patent application.

The Office communication reference item (2) of 1156 OG 53 concerning a statement attesting that a search of the file jacket and docket records indicating an Office action was not received.

The Office communication states:

"Concerning item (2) above, the Declaration of Andrew G. Golian does not clearly state that search of the file wrapper and docket records indicate that the Notification mailed 22 February 1999 was not received. In this regard, the statement, "I have reviewed the front of the file of Serial No. 09/155,842 ..., " falls short of the statement required to satisfy item (2) above. Did Mr. Golian check inside of the file? Additionally, Mr. Golian

statement is defective since the reply to the Notification of Missing Requirements was due 22 March 1999, not 22 April 1999, as stated in his declaration."

In response, the attached Supplemental Declaration of Andrew G. Golian states that he has reviewed the entire file jacket including the file cover and all contents contained therein including all copies of official correspondence to and from the U.S. Patent and Trademark Office of the file for Serial No. 09/155,842 and he has failed to find any receipt of an Office communication and particularly a Notification of Missing Requirements Under 35 U.S.C. 371, dated 22 February 1999. Accordingly, Andrew G. Golian concludes that such paper was not received.

Furthermore, the initial Declaration of Andrew G. Golian in Paragraph 6 incorrectly refers to a due date of 22 April 1999 with a two month period of response rather than the correct due date of 22 March 1999 with a one month period of response.

The attached supplemental Declaration of Andrew G. Golian corrects this incorrect statement.

Finally, the outstanding Office communication of 16 June 2000 references item 3 of 1156 OG 53 concerning a requirement for a copy of the docket record where the non-received Office action would have been entered had it been received the docket must also be referenced in practitioner's statement. The Office communication states:

"However, as to item (3) applicants have provided a copy of the docket record which purportedly shows where the paper would have been entered had it been received. The printout of the docket report for this specific attorney of record is not sufficient to establish that the Notification of Missing Requirements was not received and mis-docketed another attorney. Accordingly, applicant is required to provide docket records for 22 March 1999, indicating all applications for which a response was due on said date."

In response to this requirement, the Supplemental Declaration of Andrew G. Golian sets forth that he has requested from his employer, E. I. du Pont de Nemours and Company, a copy of docket records for all patent attorneys and patent agents to which an Official paper from the U.S. Patent Office for Serial No. 09/155,842 with a due date of 22 March 1999 could have been mis-docketed. The Supplemental

Declaration of Andrew G. Golian states that he has reviewed each of the 79 pages of docket records supplied to him both by internal identification number, namely CI5023A1, and by Serial Number, namely 09/155,842, and he has failed to find any docket date for such patent application of 22 March 1999.

Furthermore, he has failed to find reference to any docket date for such patent application extending to a date through 31 May 1999. Additionally, at a later date from the printout of the 79 pages of docket records, the employer of Andrew G. Golian has been supplied a 5 page summary report for March 1999 for all U.S. actions due for all DuPont attorneys. The Supplemental Declaration of Andrew G. Golian states that he has failed to find any docket date for CI5023A1, Serial No. 09/155,842 in March 1999 and specifically 22 March 1999.

In summary, the present reconsideration corrects the defects in applicants' original petition filed 3 April 2000. The present reconsideration, together with the original petition, fully satisfies the requirements set forth in 1156 OG 53.

A withdrawal of the Notice of Withholding of Abandonment is hereby solicited.

Respectfully submitted,

ANDREW G. GOLIAN

PETITION FOR EXTENSION OF TIME

Assistant Commissioner for Patents
Washington, DC 20231

Sir:

Applicants hereby petition for an extension of time in the above-identified application for one (1) month to respond to the Decision on Petition to Withdraw Holding of Abandonment mailed 16 June 2000.

Please charge the extension fee of \$110.00 to Deposit Account 04-1928 (E. I. du Pont de Nemours and Company). A duplicate copy of this Petition is enclosed. If the fee is insufficient or incorrect, please charge or credit the balance to the above-identified account.

A Renewed Petition Under 37 CFR 1.181 accompanies this petition.

Respectfully submitted,

ANDREW G. GOLIAN
ATTORNEY FOR APPLICANTS

Dated:

Sept 1, 2000

SUPPLEMENTAL DECLARATION OF ANDREW G. GOLIAN

The undersigned, Andrew G. Golian, hereby declares the following:

1. I am an attorney who is responsible for prosecution of Serial No. 09/155,842.
2. I am aware of the Office position that the earlier Declaration signed March 29, 2000 has been held defective since it fails to attest that a search of the file jacket and docket records was not made concerning receipt of an Office action of 22 February 1999 for Serial No. 09/155,842.
3. I state in response to the Office position in the preceding paragraph that I have reviewed the entire file jacket, including the file cover, and all contents contained therein including all copies of official correspondence to and from the U.S. Patent and Trademark Office for Serial No. 09/155,842 and I have failed to find any receipt of an Office communication and particularly a Notification of Missing Requirements Under 35 U.S.C 371 dated 22 February 1999. Accordingly, I consider that such Office communication was not received.
4. I state that paragraph 6 of my Declaration dated March 29, 2000 incorrectly refers to a due date of 22 April 1999 with a two month period of response rather than a correct due date of 22 March 1999 with a one-month period of response for the Official paper dated 22 February 1999 which was not received. However such error does not change the conclusion that such Official paper dated 22 February 1999 was not received for Serial No. 09/155,842.
5. I state that I have asked my employer, E. I. du Pont de Nemours and Company, for a copy of docket records for all patent attorneys and patent agents to which Official papers from the U.S. Patent and Trademark Office for Serial No. 09/155,842 with a due date of 22 March 1999 could have been mis-docketed.
6. I state that pursuant to my request in the preceding paragraph 5, I have been supplied with 79 pages of computer printout and I have reviewed each of these pages both by internal identification number, namely CI5023A1, and by serial number, namely 09/155,842, and I have failed to find any docket date for such patent application. I further state that I have failed to find reference to any docket date for such patent application extending to a date through 31 May 1999.
7. I state that pursuant to my request in preceding paragraph 5, I have been further supplied with 5 pages of a summary report for March 1999 for all U.S. actions due for all attorneys of my employer and I have reviewed each of these pages by internal identification number, namely CI5023A1, and by serial number, namely 09/155,842, and I have failed to find any docket date for such patent application. I further state

that I have failed to find reference to any docket date for such patent application extending to a date through 31 March 1999.

8. I again conclude that a paper dated 22 February 1999 for Serial No. 09/155,842 was not received by myself or by my employer, E. I. du Pont de Nemours and Company.

All statements made herein of my own knowledge are true and all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Andrew G. Golian
